

NORTHERN STAR SCOUTING

Virtual Midway

About the University of Scouting Midway

At the University of Scouting the Midway is a resource center where our participants can learn about Scouting programs and resources, as well as related offerings by local companies and organizations. For this Spring 2021 session, we invite you to take some time exploring the huge array of offerings curated on our Northern Star Scouting website. We're offering some suggestions for you to more easily navigate the thousands of pages and get right to what you need. It's a great way to learn about the resources you need for the job.

<https://www.northernstar.org/>

Two great tips for navigating our site are to use the Search function, refining your language until you find exactly what you need. Additionally, you can make use of the Quick Links at the top left of our Homepage.

COVID-19 and Northern Star Camps, Meetings and More
